

## **ALF Summer School Behavior Standards**

Action League of the Foothills programs are intended for students who are genuinely interested in the "joy of learning." Because of the necessity for harmonious group interaction, a situation in which any student is discourteous, disruptive or uncooperative will be managed in the following manner:

1. Initial infraction - The student will be warned and the warning recorded.
2. Next infraction - The student will be warned and parents notified. The second warning will be recorded.
3. Final infraction - The student will be excluded from participation for the remainder of the session.

Program fees will not be refunded if a student is excluded from participation.

In addition, Summer School principals set the Student Expectations guidelines for each school location. These guidelines are included in the ALF Summer School Welcome Packets.
